The session will be taken by a panel of experienced ICT teachers and technicians who will guide you through iLife '05 and its implications for classroom programs.

It is particularly relevant to:

- ✓ Teachers who have received a new iBook in the first DE&T notebook rollout for 2005
- ✓ Teachers working in Macintosh schools

Presenters:

Deb Hicks - Footscray West PS
Stephen Palmer - Essendon North PS

Mark Richardson - Williamstown PS
Tony Sullivan - Yarraville West PS

Session Outline

This session aims to show you how easy it is to use the iLife '05 suite of Macintosh Applications (iMovie HD, iTunes 4.7, iPhoto 5, GarageBand 2 & iDVD 5)

This will include the production of a multimedia presentation that utilises these popular programs.

- ✓ Suggestions for classroom use will be discussed.
- ✓ Support materials will be provided.
- ✓ Computers and Video Cameras will be available for your use during the session.
- ✓ You will burn your project to DVD during the session, to take away with you ...and enjoy!
