

## **Using Digital Video in the Curriculum: Practical Suggestions & Classroom Experiences.**

**A Workshop presented by Mark Richardson, Deb Hicks & Jill Reading.  
VUT Convention Centre, Sunshine.**

**Monday, August 23rd, 2004.**

**A DE&T, Western Metropolitan Region, Literacy & Numeracy Week  
Professional Development Activity.**

**We know that computers and technology are continually changing, in this workshop we recognise that learners are also changing. In today's world, the most important stories are told on television, on film, on the Internet. In today's world, students need to be able to read the moving image.**

**Using 'classroom friendly' production techniques, you will learn how students can experiment with writing, producing and editing their own short films.**

**Learn how to make pictures say more than a thousand words!**

- **Outline of the Workshop**
- **Introduction:** Who are we? Where are we from? What have we done in DV?
- **Visual Literacy, Multiliteracies & Digital Video**
- **The film making process**
  - **Pre production,**
  - **Production**
  - **Post Production** [including making movies without a camera]
- **Digital Video:** Samples of teacher and student directed video
- **WMR [Re@ct](#) Film Festival**
- **Viewing film & video critically**
- **After the PD: Where now?** Further support, networking opportunities
